WANTS HOOVER TO ADDRESS SOLONS

Winchester Senator Offers Resolution Praising Him—Day In the Legislature

(By Associated Press)
Frankfort, March 3.—Senator Geo. Hon. of Winchester, today introduced a joint resolution inviting Herbert Hoover to address the general assembly. The resolution praises Hoover's diplomacy and tact as a member of the American mission to Belgium and invites him to deliver an address "on topics of current interest and public welfare."

The House today passed a number of bills including a substitute for the Vance bill placing a tax of 50c a gallon on whiskey, the Williamson bill enabling the state to accept the Jefferson Davis Memorial, two Meyers bills enabling cities and counties to establish and maintain free public libraries and the Smith bill authorizing circuit judges to change the time of holding court.

In the plan to raise revenue to build roads the House passed bills imposing a tax of one cent a gallon on gasoline and 60 cents a horse power or motor vehicle. It is estimated that these bills will raise \$2,500,000 annually.

Bills prepared by the Budget Commission were passed. Committee amendments increased the appropriation as follows: Kentucky State Historical Society, \$3,000 to \$5,000; Kentucky Children's Home Society for White Children, \$50,000 to \$55,000; Kentucky Home Society for Colored Children, \$10,000 to \$15,000; Kentucky School for Education of the Blind, \$40,000 to \$45,000, and Kentucky School for the Deaf, \$90,000 to \$95,000.

Representative Duffy sought to cut the appropriation to the State Board of Health for salaries and running expenses from \$80,000 to \$50,000, but the amendment was rejected, 61 to 10. He also sought by amendment to reduce the appropriation to the State Tax Commission for salaries and other expenses from \$80,000 to \$50,000, but the House refused to accept the amendment.

The House passed the bill of Representative Van Hoose to incorporate the Kentucky Historical Society, and the bill of Representative Hudson to limit the rent to 10 per cent of the assessed valuation of property.

The bill of Senator Marshall to consolidate offices of County Jail and Sheriff, except in cities of the first and second classes, was passed.

There was some opposition to the bill of Senator Morris, providing for an educational survey under direction of the board of five appointed by the Governor and appropriating \$10,000. Senator Marshall amended the bill providing that the \$10,000 should be paid out of the school fund. With this amendment the bill was passed.

The bill of Senator Perry, to regulate concerns making a business of disposing of the bodies of dead animals, was passed without discussion.

School Trustees are exempted from provisions of the bill of Senator Whitaker, which was passed, 29 to 6.

Senator River's bill, making it unlawful to permit domestic fowls to roam at large, passed unanimously. Under this bill a cause of action is given to a person whose property is damaged by chickens and a lien on the chickens for the damage.

To punish criminal assault by hanging in the county where the crime is committed, was provided in the bill of Senator Harlan. This bill was defeated after an extended debate, the Senator being tied, 16 to 16. President Ballard voted no and defeated the bill.

The resolution allowing William Logan to sue the state to collect a fee for service rendered to the Educational Department, in the matter of determining the rights of the common school fund in distribution of inheritance taxes, was passed.

The Senate unanimously passed the resolution in which Lieutenant Governor Ballard is interested to make a district out of Frankfort and for the better co-operation of state and city officials in conducting the government of the city.

The first bill considered at the night session of the Senate was the measure of Senator Harlan to prescribe the method of collecting inheritance taxes by requiring a schedule to be filed with the County Clerk and forbidding the Sheriff to collect the taxes until the State Tax Commission has investigated the case. The measure was passed 29 to 0.

FORECAST ON STATE'S REPUBLICAN "BIG 4"

(By Associated Press)
Louisville, March 3.—Prior to the Republican State Convention here this afternoon it is believed that A. T. Hert, Gov. Morrow, Mrs. John G. South, and Dr. S. H. George will be named delegates from the state at large to the Republican National Convention. George will be selected to represent the negroes in the place of Roscoe Conkling Simmons, against whom considerable opposition is being manifested.

SLATE GOES OVER WITHOUT WOBBLE

A good-sized delegation of Madison county republicans attended the district convention at Danville Tuesday, and then went on to Louisville, where the republican state convention meets today. The district convention at Danville was very harmonious, the Hert-Morrow machine's selections going over without a wobble.

Every county in the district with the exception of Spencer, had large delegations present. George Florence, of Stanford, presided as chairman of the convention. Prof. Bates, of Boyle, was elected secretary to succeed Dr. R. L. Davison, of Lincoln. Three names were brought up for candidates to the national convention: Wm. Wallace, of Richmond; J. L. Butler, of Danville, and Rev. J. E. Woods, colored, of Danville. The first two named were winners by a good majority. The alternate delegates selected were Woods and Judge W. B. Buford, of Jessamine. H. V. Bastin, of Garrard county, was elected without opposition as member of the state central committee.

The only contest of the afternoon came in the selection of the presidential elector when J. L. Perryman, widely known farmer and politician of Adair county, won out over Dr. Davison, of Lincoln county. The final count stood 94 to 82.

Resolutions were drawn up by the convention endorsing Governor Morrow; Col. A. T. Hert and Prof. G. W. Saffel, Shelby county colored, educator as delegate-at-large from the state.

BECKHAM CHANGES VOTE ON TREATY

(By Associated Press)
Washington, March 3.—Two more of the republican reservations to the peace treaty, one of them affecting the bitterly debated Monroe Doctrine provision, were re-adopted in the Senate without change and by greater majorities than they commanded when originally presented last November.

The Monroe Doctrine reservations, which Senators have been told, is scarcely less objectionable to President Wilson than that relating to Article 10, received the support of 15 democrats and won by a vote of 58 to 22, after a substitute drafted by the democratic leaders had been rejected. Senator Beckham, of Kentucky, voted for this reservation. He voted against it in November.

The other reservation acted upon asserts the full jurisdiction of the United States over purely domestic questions, and was adopted by a vote of 56 to 23, with 14 democrats helping make up the majority.

On the Monroe Doctrine reservation seven democrats who did not vote for adoption in November swung over to the republicans on the roll call. They were Senators J. C. W. Beckham, of Kentucky; Duncan U. Fletcher, Florida; Key Pittman, and Charles B. Henderson, of Nevada; W. H. King, of Utah; Hoke Smith, of Georgia; and Henry L. Myers, of Montana.

Their defection on that issue was declared by the republicans to be a significant development in view of recent intimations reading democratic Senators that the President had singled out the Monroe Doctrine and Article 10 reservations as being particularly objectionable.

A drive for doubling the attendance in the Educational Department of the First Christian church in the next eight weeks, is just being inaugurated under the leadership of four of the leading young business men of Richmond, Hart Perry, Cecil Simmons, Harris Noland and Fred Davison are just setting in motion a piece of machinery for Sunday School attendance which has never been seen in Richmond before.

Superintendent Arnold has an excellent organization and staff of teachers and will be prepared to take care of all who come. This school has been averaging from two to three hundred during the winter but the above business men and Mr. Carpenter, who is working with them, say it must register five to six hundred. Mr. Arnold is tightening up his organization, the staff, all of whose classes, save two, are provided with a separate room. Two of the adult classes meet in the large auditorium of the church.

The first step of the campaign committee is to have every enrolled student present next Sunday. This is the first line of advance and is expected to start the drive around the three hundred mark. Turley's Men taught by R. E. Turley and the Eastern Kentucky Normal class taught by Mrs. Geo. Pickles, will be off next Sunday in a friendly contest for attendance.

There are no more popular and progressive young business men in Richmond than the above quartet and the largest success is certain under their efforts. The campaign will be of the most constructive sort, and a consistent effort made to conserve every gain that is made.

POISONER GETS FINE FOX HOUNDS

A poisoner, who very prudently kept his identity a secret, killed about \$600 worth of fine fox hounds for a number of local fanciers early this week. He put out some strychnine on East Main street and three fine hounds, which were kept at the home of Patrolman William Maupin are dead. One of them was the fine bitch "Music" three years old, owned by Rodes Terrill, and about to whelp. Another was County Clerk Jennings Maupin's fine old bitch "Old Lizzie" one of the few surviving daughters of the celebrated hound Old Lee. Old Lizzie was the mother of half a dozen young pups recently. Anderson Agee, the well known deaf-mute, had a nice bitch to die, also, and is inconsolable.
